RHEUMATISM AND PILES CURED BY AYER'S SARSAPARILLA.

Mr. W. J. JENNISON, Adelaide, S. A., formerly of Hawthorn, near Melbourne, Vic., writes:

"For the past 3 or 4 years, I have been a great sufferer from rheumatism and piles. I tried all sorts of remedies, but derived no good from them. I chanced to read one of your books and thought I would give your Sarsaparilla a trial. I did so, and after taking one bottle I felt better, and after taking 4 bottles I was a new man. I was sure I never took it before, for it would have saved me very much pain."

THE LEGISLATURE.

AN ADVERSE REPORT ON THE ELECTRIC RAILWAY PROPOSAL.

Full Text of President Cleveland's Demand on the Hawaiian Government in the Bureau Case.

THIRTY-SIXTH DAY, JULY 26TH.

THE SENATE.

President Wilder called the Senate to order at the usual hour. After prayer, roll call and reading of minutes Minister Hatch replied to the question of Senator McCandless, made yesterday, in relation to demands made against the Government. He read the following letter from Minister Willis, which is self-explanatory:

"LEGATION OF THE UNITED STATES, HONOLULU, H. I., July 23, 1895.

HON. FRANCIS M. HATCH, Minister of Foreign Affairs.

Sir:—I have the honor to enclose herewith a copy of the affidavit of James Durel, from which it appears that Durel was born in the State of Louisiana in 1838 and resided in the United States until September, 1894. He then came to this city and obtained temporary employment as a cook at the Arlington hotel. On November 8th, 1894, he purchased the lease and goodwill of a cigar store, soda water and fruit stand and gradually built up a lucrative business. On the 9th of January last while quietly seated in his store he was arrested without explanation or information of any charge against him, confined in jail on common prison fare until the 27th of February following, a period of seven weeks, and then discharged without any trial, charges, explanation or opportunity of defense, nor has he since his release been informed of the cause of his arrest. He declares that he has never by word or deed, forfeited his allegiance to or his right to protection by his government; that he has neither done nor spoken anything directly or indirectly against the government of Hawaii or its laws; that he has never expressed sentiments antagonistic to that government or in any way counseled, encouraged, aided or abetted its enemies either in armed rebellion or secret plotting; and that he never possessed any information which under existing laws it was his duty to report to your government.

These statements establish in the opinion of the President of the United States, a prima facie claim for substantial indemnity from the Hawaiian government to Mr. Durel. I am instructed therefore to bring this case to the attention of the Hawaiian authorities, leaving no doubt in their minds of the confidence felt at Washington "that the government of Hawaii will not refuse to tender adequate reparation to this injured citizen of the United States, nor hesitate to take prompt measures to exonerate him from the imputation which this arbitrary treatment has left upon his good name."

With sentiments of high esteem, etc., I am, your obedient servant,
 ALBERT S. WELLS,
 E. E. and H. P. U. S. Minister Hatch, after reading the above said the government was investigating the case and that its reply would depend on the result of the investigation.

The Finance Committee reported on the taxation of the Honolulu Library, and recommended a

joint resolution exempting it from taxation.

The resolution was withdrawn upon the statement of the Attorney-General that the Executive would introduce a bill exempting not only the Honolulu Library but similar associations throughout the island from taxation.

Senator McCandless from the Praying Committee reported the bill creating a Labor Commission as engrossed and ready for further action.

The Committee on Public Lands and Internal Improvements presented a long and partial report on the Honolulu Electric Railroad Bill. The report states that the committee cannot recommend the passage of the bill in its present stage, especially as the route designated in the bill runs through streets so narrow as to endanger life; that it is desirable that further time should be had in which to investigate the systems of the United States and elsewhere and particularly in relation to the safety of overhead or under-ground wires and finally recommend that a joint resolution be passed authorizing the President to appoint three Commissioners whose duty it shall be to invest and make suitable recommendations to the next legislature. The report was tabled to be considered with the bill.

The Finance Committee presented the following report on the House amendments to Act 6:

"A large sum of money is evidently needed for School House repairs, as is evidenced by the conservative reports from the various Districts, but the Inspector General's report indicates that a portion of the work might wait over until a further appropriation can be made at the regular session. The amount which seems absolutely necessary at the present time is \$13,550. The House Committee have evidently added the \$3000, which was appropriated by the Senate, to the \$13,550, thinking that it was for some other object, but as the \$3000 was passed in the Senate before the facts at present before us could be obtained, we would recommend that the sum of \$13,550 be appropriated."

"Kohala and Waimea road.—Your Committee feel that this item should come under the Loan Act Fund, and believing that the amount of \$2000 would not be anything like a sufficient sum for the purpose, we recommend that it be deferred until the next session."

"Kauai Guich.—The Minister of Interior informs us that there is not available from the land previously appropriated for the road in the Hilo district, the sum of \$15,000.00, and as this sum would regularly come out of this appropriation, we recommend that it be stricken out."

"Kipukaui Jail.—After consultation with the Attorney General, your committee feel that the Kipukaui Jail will need attention in the near future, but as there seems to be no appropriation, we recommend that the matter lay over until next session."

"Kona Court House.—The amount of \$250.00 needed for the repairs of the Kona Court House is so small, it seems to your Committee that the money should be taken from the Fund for the Repair of Public Buildings and we have no doubt that if the attention of the Minister of Interior were called to the matter, it would receive attention. We recommend that the item be stricken out."

"Pans and Hilo Telephone.—Your Committee have been of the opinion that the special session was called only to transact business of a very urgent character, and as the item does not appear to require immediate action, we recommend that it be deferred until the regular session which meets in a few months."

Senator McCandless introduced the following joint resolution:

WHEREAS, It is eminently fitting that the Legislature at its present special session should make an expression on the political issue which is so important a part of the constitutional structure and popular following of the Republic of Hawaii, be it

Resolved, That the Senate and House of Representatives hereby declare anew fealty to the policy of annexation of this country to the United States of America.

Resolved, That we put forth the sentiment in the firm belief and sincere hope that all who love the true interests of the nation at heart, and that all who support or are friendly to the Republic of Hawaii will be impelled to even greater continued effort to bring about the relation sought.

The Judiciary Committee reported a new bill in place of the one amending the practice on appeals from the District to the Circuit Courts.

Senator Brown introduced an act amending the existing act relating to steamship subsidies. The new bill exempts mail steamers from all charges for pilotage but in other respects is the same as the old one. Read the first time and referred to Committee on Commerce.

Another report was received from the Labor Commission and suppressed laughter, in which senators, reporters, clerk and spectators joined. This one is labeled "Preliminary General Report," and states that a more complete one will be furnished when Mr. Armstrong returns from Japan.

The House amendments to the appropriation bill were next taken up and the Senate refused to concur in any of them, and the Clerk was instructed to notify the House to that effect.

The Act to Create a new Labor Commission came up on its third reading and after being amended in its title to conform to the constitution was passed by the unanimous vote of the nine Senators present.

On motion of Senator McCandless the Electric Railway bill was taken up, but Senator Brown got in a motion to adjourn to Monday at 10 a.m. which carried.

comment that it be deferred until the regular session which meets in a few months."

On motion of Senator McCandless the Electric Railway bill was taken up, but Senator Brown got in a motion to adjourn to Monday at 10 a.m. which carried.

THE REPRESENTATIVES.

House met at 10 a.m.

Mr. Richards introduced the following joint resolution:

"Be it resolved by the Senate and the House of Representatives, that a joint committee consisting of four members from each branch of the Legislature be appointed to report at the next regular session of the Legislature on bill No. 14, entitled, An Act to Provide for the Registration of Male Residents in the Republic of Hawaii."

Carried, and ordered engrossed and sent to the Senate.

Mr. Easo presented the report of the committee to investigate the question as to whether policemen had to pay for their own ammunition. They submitted a letter from Senator Captain Parker, which said that "it has been customary since the first of January, 1894, to assess each member of the shooting squad the sum of one dollar per month." The squad averages 20 in number, and the total amount assessed from January, 1894, was about \$450. This had been expended for powder, lead, primers, material for targets, reloading tools, etc. During the first few months of 1895 no target practice was indulged in by the
